

Window and Door Configuration

 <p>Fixed WINDOW element: Min. size: w 2' x h 2' Max. size: w 10' x h 8'</p>	<p>?? The samples below indicate only the most used configurations.</p> <p>?? Other configurations and combinations are possible.</p> <p>?? All opening windows can be ordered with tilt & turn, tilt only or turn only operation.</p> <p>?? The maximum window sizes are based on regular glazing. Higher security levels decrease size.</p> <p>?? Security glazing, because of the increasing weight, has to be calculated individually.</p> <p>?? The turn operation can be designed with left or right opening direction.</p> <p>?? Transoms can be at the bottom or at the top of the window.</p> <p>?? Each window or door can be designed with mullions and muntins to your specification.</p> <p>For architectural design elements, please refer to the "Architectural Restoration" page</p>	
 <p>Single WINDOW element Min. size: w 2' x h 2' Max. size: w 5' x h 5.4'</p>	 <p>Double WINDOW element Min. size: w 3' x h 2' Max. size: w 9' x h 5.4'</p>	 <p>Triple WINDOW element Min. size: w 6' x h 2' Max. size: w 10' x h 5.4'</p>
 <p>Single WINDOW element with transom. Min. size: w 2' x h 4.5' Max. size: w 5' x h 8'</p>	 <p>Double WINDOW element with transom. Min. size: w 3' x h 4.5' Max. size: w 9' x h 8'</p>	 <p>Triple WINDOW element with transom. Min. size: w 6' x h 4.5' Max. size: w 10' x h 8'</p>

Custom colors **including natural wood grains** (baked-on foil): One side only = +15% Both sides = +20%

Please contact us for window & door configurations not displayed here. Since all our products are custom made, we most likely will be able to come close to your desired window and door design.

Bow/Bay and Corner Windows can be designed at a 90°, 45° or 22.5° angle.

Muntins can enhance the visual appeal and tie the window into the architectural style of the building.

We recommend the "in-between the glazing" muntins; Easy to clean and protected from dirt build-up.
